PROGRAM REVISIONS

SCOTT COLLEGE OF BUSINESS

Motorsports Management Minor (21 credits)

CIP Code: Major Code 7228

Brief Summary:

This proposal changes the requirements for the Motorsports Management Minor. It reduces the number of semester hours needed to obtain the minor, provides flexibility in course electives, and addresses a prerequisite problem that recently developed.

Student Learning:

This change addresses a prerequisite problem that exists with one of the current required courses in the minor. With the change over in Communication Department faculty, it is no longer possible to waive the prerequisite for COMM 470 and thus the minor must be revised. There is also no other existing course in COMM without a prerequisite that would be appropriate as a required course for the minor. This change also reduces the Motorsports Management Minor from 21 semester hours to 18 semester hours, narrows the required courses to those most pertinent to entry level positions in the industry, and provides more flexibility in terms of course electives. This change should also make the minor more attractive to a wide variety of majors.

Proposed Catalog Copy:

Motorsports Management Minor (18 credits)
