Indiana State University
Reaccreditation – Report Due

DEC 06 2010

DEAN'S OFFICE
COLLEGE OF TECHNOLOGY

Dear: Dr. Daniel Bradley, President:

The ATMAE Board of Accreditation conducted hearings on accreditation requests on **10/27/2010**. Your request for reaccreditation of your Technology program(s) was among those considered. I am pleased to notify you that your program(s) was **granted Accreditation through 11/1/2016, with a report due 45 days prior to 11/1/2012**. The report should address the standards on the enclosed "Program/Option Accreditation Status" sheet(s) that were determined to be in partial and/or noncompliance. ***Please check all of the information on the "Program/Option Accreditation Status" sheet(s) for accuracy and report any discrepancies to the ATMAE office.***

Program Status Sheets are attached for your review with a set being forwarded to Dr. Jeff McNabb, Assoc. Dean and Dr. Bradford Sims, Dean, along with Accreditation Certificate(s) for each program(s)/option(s) to Dr. Bradford Sims, Dean.

The written progress report by the institution will be evaluated to determine if ATMAE standards have been met. If the Board determines at the end of two years that the corrective action taken was adequate to meet standards, the program(s) will be continued on Accreditation status for the final years of the reaccreditation period. If the Board determines that the corrective action taken was not adequate, the program(s) may be continued on Accreditation status with another written report or a written report and on-site visit required in two years or moved to Non-Accreditation status.

I hope the accrediting services provided by ATMAE have been beneficial to your program(s).

Sincerely,

Rick Coscarelli, Executive Director
The Association of Technology, Management, and Applied Engineering

cc: Dr. Bradford Sims, Dean
Dr. Jeff McNabb, Assoc. Dean
Dr. C. Ray Diez, Chair - ATMAE Board of Accreditation
