Dear Dr. Bradley,

At its February 2009 Mid Year Meeting, The American Council for Construction Education (ACCE) Board of Trustees reviewed the application for renewal of accreditation of the Construction Management Program at Indiana State University. The Board had available to it the reports of its Visiting Team under the Chairmanship of Dr. Craig Capano, and its Accreditation Committee under the Chairmanship of Carl Roegner. This letter is to inform you that the Board has voted for a three-year accreditation from February 2009 through February 2012. The Board also required that a mentor be assigned to the Program

A renewal of accreditation visit at the end of this three-year period should be scheduled between September 1 and November 1, 2011. The self-evaluation study, in preparation for this visit, will be due in the ACCE national office no later than June 1, 2011.

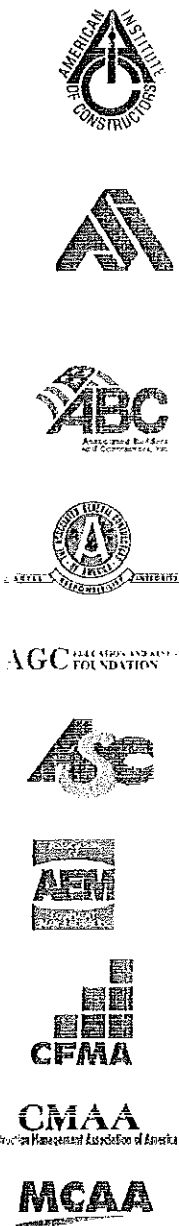

The final report of the Visiting Team, as acted upon by the Board, is enclosed. This report, as do all ACCE accreditation reports, contains a delineation of perceived program strengths, weaknesses, concerns, and undeveloped potentials. It is the hope of ACCE that the cited weaknesses will be addressed in coming years, while maintaining program strengths and pursuing program potentials.

ACCE requires that you file a progress report at the end of the first year no later than December 1, 2009, and the second year no later than December 1, 2010. If for any reason these dates need to be changed, we will notify you well in advance, and should it become necessary for you to ask for an extension, we request that you do the same.

The Board of Trustees looks forward to a First Year Progress Report containing documented progress toward correcting the Weaknesses and Concerns cited in the current Visiting Team Report. The Board's comments are summarized below:

The Board of Trustees is deeply disturbed with the lack of progress made to correct deviations from ACCE Standards identified during the previous visit. It is imperative that significant and effective actions are demonstrated in the first year report to address Program leadership and demonstrate commitment to resolve continuing Weaknesses and Concerns.

The ACCE Board of Trustees extends congratulations on this accreditation, and asks that I express its appreciation for the many courtesies extended to our Visiting Team and for the positive way in which your faculty and staff responded throughout.

Dr. Daniel Bradley
Indiana State University

We wish you continued success with your Construction Management Program, and feel confident that your graduates, the building community, and the Nation are richer for your efforts.

Warmest regards,
American Council for Construction Education
