Dear Dr. Bradley,

At its February 2010 Mid Year Meeting, the Board of Trustees for the American Council for Construction Education (ACCE) reviewed the First Year Progress Report for the Construction Management Program at Indiana State University.

The report as submitted was accepted by the Board. Actions taken by the institution on correction or elimination of weaknesses and concerns cited in the 2008 Visiting Team Report were approved with reservations.

From the information in the Progress Report, the Board summarized the following comments:

The Board of Trustees notes the hiring of a new Dean with construction credentials, the elevation of a construction faculty member to be program leader, and the creation of a new Department of the Built Environment; these actions should instill momentum in the program to address previous Weaknesses and Concerns. The Board expects that the next report should reflect the elimination of curriculum deficiencies and provide an update on the progress of the program reorganization.

The Board looks forward to complete documentation of these issues in the Second Year Progress Report.

If you have any questions, please contact Mike Holland, Executive Vice President for ACCE. We look forward to continued cooperation in the accreditation process between ACCE and Indiana State University.

Warmest regards,
American Council for Construction Education

Steve Nellis, President

Cc: Dr. C. Jack Maynard, Provost & Vice President for Academic Affairs
Dr. Bradford Sims, Dean
Dr. Jim Smallwood, Chair
Dr. James Smith, Chair, ACCE Accreditation Committee
