CORRECTION

The Ph.D. in Technology Management is a College of Technology program and is not housed in any department. Major codes E194-E199, under CIP code 150612, should be changed and not linked to any department. The prefix "SOT" for courses in the Technology Management Ph.D. program should be changed to "COT," to correspond with the change in name from the School of Technology to the College of Technology.
