ACALOG NOTE

The format for curriculum proposals has changed to correspond with the structure of Acalog, the new version of the electronic catalogs. Some proposals will be published under the old structure and some under the new structure during this transition period.

Improved Electronic Catalog

The new electronic version of the undergraduate catalog is posted at

<http://www.indstate.edu/academics/catalogs.htm>. Some advantages of the new format are:

- It is easily searchable and searchable from the internet
- It is easier for students and advisors to find and choose the courses students need
- Students create a personal portfolio of courses in which they are interested
- Links to information such as department web sites, advising information, and video clips can easily be added
- Every page can easily be printed, decreasing the number of printed catalogs

If you have questions, please contact Academic Affairs, extension 3662.

PROGRAM PROPOSALS

COLLEGE OF ARTS AND SCIENCES: History

Master of Arts and Master of Science in History
CIP Code: 540101 Major Code: 2281

Brief Summary:

The Department of History wishes to add a new History of Labor and Reform concentration to the existing History MA and MS programs. This is to replace the MA in History of Labor and Reform, which we are eliminating due to Program Prioritization. The Department also wishes to set a common "core" of courses between the MA, the MS and the concentrations in Labor and Reform to further refine the program requirements.

Student Learning

The results of student outcomes assessment and program review have demonstrated a consistent demand for this curriculum. The separate degree code for this program of study is being eliminated as a result of Program Prioritization, but there is continuing student demand for the program of study. Thus, we are creating this concentration (which has the same curriculum as the formerly separate degree) within our MA/MS degree in order to meet student demand.
