Dear Dr. Bradley,

At its February 2015 Mid-Year Meeting, the Accreditation Committee for the American Council for Construction Education (ACCE) reviewed the Third Year Progress Report for the Construction Management Program at Indiana State University.

The report as submitted was accepted by the Council. Actions taken by the institution on correction or elimination of Weaknesses and Concerns cited in the 2012 Visiting Team Report were approved.

From the information in the Progress Report, the Council summarized the following comments:

The Council appreciates the responsive report and looks forward to the Program's next Self-Evaluation Study and site visit in the fall of 2017.

If you have any questions, please contact Mike Holland, President for ACCE. We look forward to continued cooperation in the accreditation process between ACCE and Indiana State University.
