Dear President Benjamin:

The Commission on Accreditation of Allied Health Education Programs (CAAHEP) is pleased to inform you that, based upon the receipt of the Progress Report submitted to the Joint Review Committee on Educational Programs in Athletic Training (JRC-AT) that the date of the next comprehensive evaluation, including an on-site review, has been extended and will now occur in **2009-10** for the Athletic Training Education at Indiana State University.

The JRC-AT does request the reference to athletic training students be corrected in the University catalog, on the website, and all other publications to be correct and consistent. Correct reference is "athletic training students" not "student athletic trainers."

The accreditation standards are established by The American Academy of Family Physicians, The American Academy of Pediatrics, The American Orthopaedic Society for Sports Medicine, The National Athletic Trainers' Association, Inc and CAAHEP.

We commend you and your colleagues for your commitment to continuous quality improvement in education, as demonstrated by your participation in program accreditation.

Sincerely,

Lon Schroeder
Director of Accreditation Services
